Abstract No.	Presentation Code	Final Presentation type	Abstract Title
ABS-0002	APB-10	E-poster	Bioinformatics Analysis And Construction of ceRNA Network In Achalasia
ABS-0003	APC-12	E-poster	Delayed Gastric Emptying Time among Patients with Refractory GERD using Gastric Scintigraphy: A Pilot Study
ABS-0004	APB-08	E-poster	The effect of probiotics on improving intestinal mucosal permeability in the POI model
ABS-0005	APT-01	E-poster	Prospective comparison of inflammatory transcripts in duodenal tissues of functional dyspepsia patients and controls.
ABS-0007	APC-15	E-poster	Low post-reflux swallow-induced peristaltic wave index and esophageal baseline impedance are associated with low esophageal contractile vigor in patients with persistent reflux symptoms
ABS-0008	APT-05	E-poster	The Diversity and Composition of Gastric Fluid Microbiota in Patients with Postprandial Distress Syndrome and in Those with Epigastric Pain Syndrome, Compared with Healthy Controls
ABS-0009	APC-08	E-poster	Efficacy of biofeedback therapy in children with pelvic floor dyssynergia: A one year single group follow-up study.
ABS-0013	APC-29	E-poster	Irritable bowel syndrome in patients with atrial fibrillation- novel link between heart gut axis
ABS-0020	APC-14	E-poster	The Role of Defecation Diary in Managing Pediatric Constipation
ABS-0021	PP-01	Poster Presentation Session (Short Oral)	S4 promotes Gastrointestinal motility via Modulation of the Ghrelin Pathway in a Loperamide-induced Functional Dyspepsia Mouse Model
ABS-0022	APC-10	E-poster	Efficacy of tegoprazan in patients with functional dyspepsia ; A prospective, multicenter, single-arm study
ABS-0023	KP-01	KSNM Plenary Session	Role of Nitroergic Stimulation on the Generation of Propulsive Colonic Movements
ABS-0024	PP-03	Poster Presentation Session (Short Oral)	Effects of tegoprazan, potassium competitive acid blocker, on the gastric emptying : a pilot study
ABS-0025	APT-06	E-poster	Minimal Invasive Endoscopic Method for Gastric Slow Wave Detection: In Vivo Animal Study
ABS-0026	APC-03	E-poster	The Efficiency of Rifaximin Versus Placebo in Irritable Bowel Syndrome Patients, a Randomized Prospective Study from a Tertiary Center in India.
ABS-0027	PP-05	Poster Presentation Session (Short Oral)	Clinician's knowledge, attitude, and practice in the management of functional gastrointestinal disease with neuromodulators and psychiatric treatment
ABS-0028	APC-11	E-poster	Frequency of major, minor and inconclusive anorectal disorders according to the London classification via high-resolution anorectal manometry in Iran.

Abstract No.	Presentation Code	Final Presentation type	Abstract Title
ABS-0029	APC-22	E-poster	Association of Mental Health Conditions and Functional Gastrointestinal Disorders among Vietnamese New-entry Medical Students
ABS-0030	APB-12	E-poster	Mouse and Human Gastric Antrum Submucosal Pericytes Express Mfge8
ABS-0031	APT-07	E-poster	Role of Sirtuin 7 Inhibitor in Colonic Mucosal Immune Activation in Mice—Potential Therapeutic Target in Irritable Bowel Syndrome
ABS-0032	APC-13	E-poster	Changes in epidemiological trends according to phenotype of eosinophilic gastrointestinal diseases: a single center study from 2003 to 2021
ABS-0033	APT-04	E-poster	The effect of Agathobacter rectalis administration to water avoidance stress model in Wister rats in terms of butyric acid and bile modification
ABS-0034	KP-02	KSNM Plenary Session	Roseburia faecis from various sources show different capacity of short-chain fatty acids producing and bile acid modification
ABS-0035	APC-25	E-poster	A Clinical Feasibility Study of Celery and Ajwain for Removing Functional Dyspepsia Symptoms
ABS-0036	KO-04	KSNM Oral Session	Comparison of Tegoprazan and Lansoprazole in Patients with Erosive Esophagitis: A Multicenter, Randomized, Double-Blind, Active-Comparator Phase 4 Trial
ABS-0037	APC-33	E-poster	Severe Intractable Nausea and Abdominal Pain Secondary to Small Fiber Neuropathy: A Case Series
ABS-0038	APC-17	E-poster	Association Of The Serum Vitamin D Levels And Physical Activity In Adolescents With Irritable Bowel Syndrome
ABS-0044	KP-04	KSNM Plenary Session	Continuous versus on-demand maintenance treatment with a proton pump inhibitor in patients with non-erosive gastroesophageal reflux disease or mild erosive esophagitis : randomized, multicenter study
ABS-0045	PP-02	Poster Presentation Session (Short Oral)	Molecular differences in neuronal pathways across gastroparesis, gastritis, and gastric cancer
ABS-0046	APC-01	E-poster	A subset of patient categories that Chicago classification ver. 4.0 did not describe: Patients with nonspecific findings in high-resolution manometry who have dysphagia due to poor distensibility of the thickened esophageal wall
ABS-0047	APB-02	E-poster	The Effect of the Leaf of Perilla frutescens on Gastrointestinal Motility in Mouse and Human
ABS-0048	APB-11	E-poster	Fructus Aurantii Immaturus, Rhizoma Atractylodis Macrocephalae and Their Combinations Treat Colonic Motility Disorder in Rat with Slow Transit Constipation via PINK1/Parkin Signaling Pathway Mediated Mitophagy
ABS-0049	KO-01	KSNM Oral Session	Effect of probiotics in stress-associated constipation model in zebrafish
ABS-0050	APB-03	E-poster	Protective Effect of Fexuprazan on NSAID-induced Enteropathy in Mice

Abstract No.	Presentation Code	Final Presentation type	Abstract Title
ABS-0051	APC-19	E-poster	Salvage therapy with prucalopride for feed intolerance in patients treated with prokinetics.
ABS-0052	APC-32	E-poster	Usefulness of Nasal Cavity Evaluation before High-resolution Esophageal Manometry in High-risk Patients
ABS-0053	APC-18	E-poster	Prevalence of Esophageal Motility Disorders in Patients with Dysphagia as Diagnosed by High-Resolution Manometry
ABS-0054	APC-31	E-poster	The Prevalence of Atypical Symptoms of GERD and Their Effect on its Treatment Response, A Prospective Study From India.
ABS-0055	APC-16	E-poster	Achalasia Treatment Outcomes and its Prognostic Factors -An experience from a tertiary care centre in Pakistan
ABS-0056	APC-06	E-poster	Endoscopic diagnosis on eosinophilic esophagitis by using convolution neural network: A pilot study
ABS-0058	APB-20	E-poster	Study impacts of β -Glucan on signaling pathways in Microbiota Alteration in Sugar Rich Diet Induced Diabetic Rats
ABS-0059	APB-13	E-poster	Anti-inflammatory and protective effects of hydro-ethanol extract of Citrullus Colocynthis seed on patients with functional dyspepsia
ABS-0060	APB-05	E-poster	Study of mechanoacoustic vibration therapy on functional gastrointestinal disorders in post-menopausal women
ABS-0061	APB-14	E-poster	Anti-constipation effects of ethanolic extract mixture of seed of Trigonella foenum graecum, fruits of Momordica charantia and bark of Cinnamomum zeylanicum in rat model
ABS-0062	APB-01	E-poster	A New Preclinical Model of Cytokine Storm to Study Alterations of the Myenteric Plexus Related to Acute COVID-19 and its Sequelae in Old Animals.
ABS-0063	APC-09	E-poster	Small Intestinal Bacterial Overgrowth And Intestinal Inflammation Are Associated With, And Effect Quality Of Life Of In Patients With Irritable Bowel Syndrome: A Prospective Longitudinal Study
ABS-0064	APB-09	E-poster	Immunohistochemical Analysis of the Myenteric Plexus in an Animal Model of Sepsis Following Acute Lipopolysaccharide Administration and Effects of Pretreatment with N-acetylcysteine
ABS-0065	APB-17	E-poster	In vitro study of zeaxanthin on Helicobacter pylori-induced inflammation
ABS-0067	APB-15	E-poster	Development of a New Preclinical Model to Mimic the Effect of the Cytokine Storm Associated with COVID-19. Impact on General Health and Defecation Parameters in Rats of Different Ages.
ABS-0068	APB-06	E-poster	Metagenomics-based Analysis About the Role of Gut Microbiota in The Progression of Parkinson's Disease via Gut Brain Axis Pathway
ABS-0069	APT-09	E-poster	Change of Intestinal Lactobacillus sp. Level and Quality of Life After Probiotic Intervention in Patient with Inflammatory Bowel Disease: a Systematic Review and Meta-analysis

Abstract No.	Presentation Code	Final Presentation type	Abstract Title
ABS-0070	APB-07	E-poster	Effect of Aging on the Structure of the Myenteric Plexus in the Rat Colon
ABS-0072	APC-26	E-poster	Role of the Rapid Drink Challenge Test in Esophageal Motility Disorder Diagnosis
ABS-0073	APC-20	E-poster	Survey-based Analysis of the Clinical Treatment Status of Irritable Bowel Syndrome in Korea
ABS-0074	APC-21	E-poster	Impact of concomitant use of proton pump inhibitors and clopidogrel on recurrent stroke and myocardial infarction: A Korean population based study using two different designs
ABS-0076	APB-16	E-poster	USE OF VIDEO GAMES AND ACQUISITION OF ENDOSCOPIC SKILLS. A STUDY FROM TERTIARY CARE HOSPITAL, PAKISTAN
ABS-0077	APC-30	E-poster	Lower esophageal sphincter pressure and esophageal pH in patient with reflux symptoms: assessment by high-resolution manometry and 24-hour pH monitoring
ABS-0078	PP-04	Poster Presentation Session (Short Oral)	Survey on real-world prescription patterns and patient's satisfaction for the maintenance treatment of gastroesophageal reflux disease: an observational, cross-sectional, multicenter study
ABS-0080	APC-24	E-poster	Prediction of pattern identification of patients with functional gastrointestinal disorders: a machine- learning study
ABS-0081	KP-03	KSNM Plenary Session	Additional diagnostic yield of rapid drink challenge in Chicago Classification version 4.0 compared with 3.0
ABS-0082	APB-18	E-poster	Psychosis and Visceral Fat Dysfunctions
ABS-0083	APT-02	E-poster	The Effect of Glutamine on Intestinal Permeability and Fecal Microbiota in a Post-Operative Ileus Guinea Pig Model
ABS-0084	APC-05	E-poster	Association Between Rectal Hyposensitivity and Clinical Characteristics of 2540 Patients Presenting With Functional Defecatory Disorder
ABS-0085	APC-04	E-poster	Gut Microbiome Signature and the Effect of Fecal Microbiota Transplantation on Gut Microbiome in Patients with Irritable Bowel Syndrome: a Pilot Study
ABS-0086	APT-08	E-poster	Effect of Asian Diet on Metabolic Parameters, Gut Microbiota Profile, and Liver Histology: Study on The NASH Rat Model
ABS-0087	APC-23	E-poster	Characteristics of esophageal motility and associated symptom profiles in Taiwanese patients with esophageal diverticulum: a study based on high-resolution impedance manometry
ABS-0088	APC-07	E-poster	Long-term Home-based Tibial Nerve Stimulation for Fecal Incontinence: a case series
ABS-0089	APC-27	E-poster	Risk of inflammatory bowel disease in patients with Hirschsprung disease: A meta-analysis

Abstract No.	Presentation Code	Final Presentation type	Abstract Title
ABS-0090	APC-02	E-poster	Usefulness of Esophageal Function Test in Patients who Underwent Bariatric Surgery
ABS-0091	APT-03	E-poster	Fermented Rice Product with Lb. Plantarum JSA22 alleviates DSS-induced Colitis in Mice by maintaining Tight Junctional Protein
ABS-0092	APB-04	E-poster	Rapid gastric emptying in early diabetes mellitus.
ABS-0093	KO-02	KSNM Oral Session	Characteristics and Clinical Outcomes of Congenital Myenteric Hypoganglionosis(CMH) in Children
ABS-0094	APB-19	E-poster	Esophageal motility disorder in Mongolian patients with GERD
ABS-0095	KO-03	KSNM Oral Session	The Role of Esophageal Function Test in Patients with Functional Dysphagia
ABS-0096	APC-28	E-poster	Prevalence of exocrine pancreatic insufficiency and associated gastrointestinal functional disorders and other comorbid conditions.
